

## OWNER'S MANUAL

# Ultimate Power Muff

### Increases Hearing

- Up to nine times with 50 dB of power for the highest rating in the industry.

### Protects Hearing

- Sound Activated Compression (SAC) circuit helps protect hearing from harmful loud sounds, by reducing the amplification of those sounds to a safe level.
- Noise Reduction Rating (NRR) of 24 dB.

### Volume Controls & Directional Sound

- Two independent volume controls allow for total adjustment of the two wind resistant high frequency microphones.

### Hearing Enhancement

- Two Hi Gain Omni Directional Microphones.
- Independent Adjustable Frequency Tuning.

### Adjusting the Headband

Your Ultimate Power Muff comes with independent headband and ear muff adjustments. Size the muffs to comfortably fit your head by sliding the ear cups in or out of the metal frame. The ear cups should fit comfortably, completely surrounding your ears to get the perfect acoustic seal.

### Replacing The Battery

The battery compartments are located on the outside of each ear. The compartment is designed for easy access. Remove the battery from compartment and replace with two new size AAA Alkaline batteries. Note the direction of the positive (+) and negative (-) poles.

### Trouble-Shooting Your Ultimate Power Muff

If you experience problems, see possible fixes below.

Symptom	Possible Cause	Possible Fixes
Dead	Battery is dead	Replace battery
Not Loud Enough	Battery is dead	Replace battery
Intermittent (goes on and off)	Battery is defective	Replace battery
Not Clear, Distorted	Low battery	Replace battery
Motor-boating Sound	Low battery	Replace battery

### Identifying Muff Components

### If Your Ultimate Power Muff Whistle

Whistling may sometimes occur when you wear your Ultimate Power Muff with the power tuned on. Whistling generally occurs if the volume level is set too high. Turn the volume level down until the whistling stops.

### Caring For Your Ultimate Power Muff

Remember that your Ultimate Power Muff is a quality instrument and should be treated in the same careful manner as any other precision-engineered device.

1. Never allow any liquid to enter the Ultimate Power Muff as this may damage the components within the device.
2. Do not store your Ultimate Power Muff in any location which would expose it to excessive heat (for example, in direct sunlight, near car dashboards, heaters or radiators).
3. Be careful not to drop your Ultimate Power Muff as this may damage its components.
4. Never insert any foreign objects into your Ultimate Power Muff. This could result in serious damage to the instrument.
5. Never permit solvents to come into contact with your Ultimate Power Muff as this can damage the units.
6. Clean your Ultimate Power Muff by wiping with a damp cloth moistened with a mild cleanser.

## LIMITED WARRANTY

Walker's warranties this product to the original purchaser to be free from defects in materials and workmanship, under normal use and conditions for a period of one year parts from the date of purchase.

Under this warranty, this unit will be replaced or repaired at our option. Copy of original receipt or gift receipt, is required for any warranty service. To enact the warranty, the customer is required to contact our Customer Service Group at 877-269-8490 to receive an Return Authorization (RA) number **PRIOR** to sending the product back.
